

Your interior,
her future.

SOCIAL & ECONOMIC

Solid's workshops create fair jobs for poor women in Peru, India and Kenya. They get the opportunity to learn a trade and earn a fair wage to break the poverty cycle.

FAIR

We swear by fair wages, equal opportunities, safe working conditions & creating a positive impact in the world.
Always!

ECO AND SUSTAINABLE

Your interior consists entirely of sustainable, environmentally and animal-friendly raw materials. Our products are the alternative for those who care about the planet and appreciate 'pure nature'.

Let's rise by lifting others!
